The Nation

FOUNDED IN 1865

*A Weekly Journal Devoted to Literature, Drama,
Music, Art, Science, Finance, and Politics*

The *Nation* aims to present from week to week a report of the intellectual progress of the world, notices of the most important books, plays, musical events, and the principal exhibitions of art, here and abroad, the development of science, and the significant movements in foreign and domestic politics.

Its book reviews, its art criticism, and all its other articles are written by the most competent specialists in America and Europe.

The *Nation* stands alone in its field. It has a larger circulation than any other politico-literary journal published in this country, going to all the principal libraries and reading-rooms, and into thousands of families.

The circulation is chiefly among thinking and substantial people—lawyers, physicians, teachers, clergymen, and other professional men; in short, it goes to the homes of cultivated people.

Sample copies for three weeks sent free upon request.

The cost of a subscription for one year is \$3.00; for any less period a proportionate rate is charged.
